

*Tahuti is the first complete solution for school which communicates with the Education Authority via the Internet. The system offers the authority information about the school automatically. It **makes communication with the authority easier** giving **more room for education**. **Explore the benefits for your school, including:***

- Considerably easier communication with the authority
- Reduction in the amount of communication
- Automatic preparation of data for the authority
- Compatibility with the Education Act

Legislation and business at your fingertips

You provide statistical information for the authority, plan the school year or simply design another exam in a few clicks.

- Information for authority
- Complete students evidence
- School boards
- Timetables
- Exams planning
- Entrance processes

For everyone at school indeed

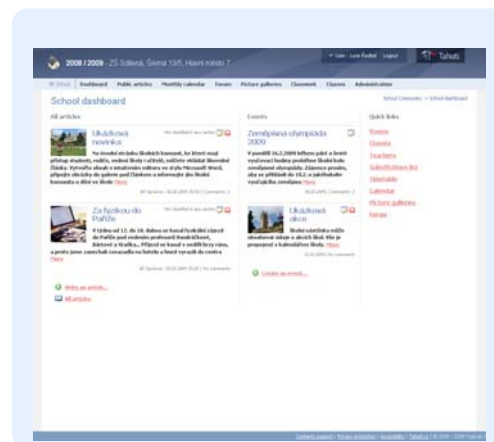

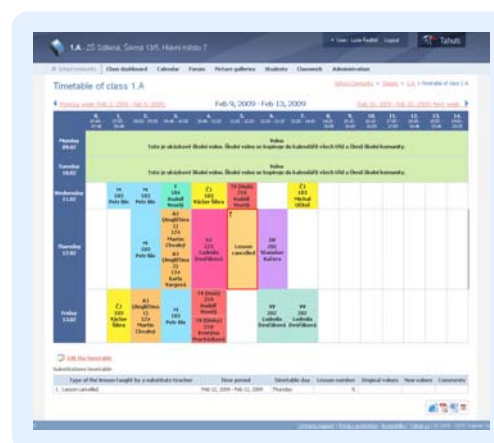

Share information between students, teachers and parents on the same spot. It is clear and simple. License includes unlimited number of users for your school.

- Teacher's and student's dashboard
- Shared calendars with events, exams, schedule and notifications
- Evaluation and attendance reports
- Easy editable school and class intranet
- Parents have access to running results of students

Lower costs

Tahuti is made for the user. You do not have to visit your IT every time. Choose hosting with no installation time or instant installation at your school.

- Tahuti operates via the Internet
- No need to install any new software
- Secure access from your home
- Guarantee of personal data security

For further information about the product please visit www.tahuti.cz, where you can try out a **live demo** including sample data.
