

Tahuti is the first full application for the Education Authority and its schools available from the office to schools via the Internet. It enables the authority to analyze and create school reports easy. Tahuti **makes communication with the established schools easier** giving **more room for education**.

- Clear and up-to-date information
- Reports created automatically
- No more lost reports in the email
- Prompt reply without extra communication

In Tahuti the clerk gains information **directly from the application** so there is no problematic communication with the school. The agenda defined by the Education Act is promoted. **Creating your own forms and statistics is a matter of a couple of clicks**.

- The budgets and reports of schools
- The statistics of entrance processes
- Surveys and research
- Modification of forms on-line

## For established schools

- Monitoring of deadlines of forms
- Searching data for the forms
- Reducing the operating costs of information systems
- Secure access to the data

Tahuti connects the analytical tool for the authorities and the organisation of school communities in the established schools.

- School boards and entrace processes
- Webpages for authority, schools and classes
- Complete students evidence
- Shared calendars and schedules
- Students' personal dashboards

## Favourable licence and services

- Licence according the number of schools
- Virtually unlimited number of users
- Support and updates
- Staff training
