

LIVEONLINEMATH™
INTERACTIVE, CONVENIENT, COMPETENT, UNIQUE

LIVE Online Math (www.liveonlinemath.com) is seeking a part-time math teacher for the 2016-2017 school year and beyond to teach [Classes](#) and/or [Video-Plus Courses](#) (VPCs). Work will be done at home using your own computer hardware, internet connection, etc.

A new teacher would begin as a tutor during the 2015-2016 school year and would also do some 2016 summer programs in order to become familiar with the online format, user interface, etc.

Position Details for Classes	Position Details for Video-Plus Courses
<ul style="list-style-type: none">Classes meet 3x each week for 1 hr.Scheduling is flexible; specific class schedule will be determined in consult with candidatesAll classes are already fully made. Minimal lesson planning and other prep is required.Est. Weekly Work Time Per Class: 5-6 hrs. (includes session time, prep, correcting, etc.)Formal parent / parent/teacher conferences will be offered twice per school year.Class(es) to be taught will be primarily determined by student enrollment.Pay: \$3,500-\$5,000 per class per yr. Candidates must...

- Be an experienced math teacher/tutor (traditional teaching, online, in-person tutoring, etc.).
- Be an excellent teacher and be competent through Algebra II.
- Pass a background check.
- Be able to work in a physical space that is not noisy and has an aesthetically pleasing background for being on webcam.
- Quickly develop rapport/relationship with students via the synchronous online format.
- Have an engaging/fun/humorous personality and teaching style.
- Have the necessary equipment in order to be an effective synchronous online teacher (high speed internet, headset, webcam, etc.).
- Have a moderate level of general technological skill.

Preference will be given to...

- Experienced synchronous online teachers. Particular preference will be given to teachers who are proficient with using Blackboard Collaborate (formerly Elluminate).
- Candidates presently using Blackboard Collaborate or some other synchronous learning platform where their teaching style and skills may be observed.
- State certificated math teachers.
- Candidates with web programming experience (HTML, CSS, PHP, etc.).
